

MILFORD TOWN TOUR GUIDELINES

Having a weekly tour is a great opportunity for all agents to become familiar with Milford's inventory. The tour is done by 6 people who volunteer their time to map out the best route possible. I have to say that this can be a very time consuming task and I thank those who take the time to do it. With that being said, to help assist us with this task please keep the following in mind when requesting to have your listing put on tour.

1) All requests for having your listing put on tour should be EMAILED to the person who is organizing the tour for that week. In that email please include the ADDRESS, MLS #, PRICE and LISTING AGENT. It becomes too difficult for those organizing tour to track phone messages, texts and emails. EMAIL ADDRESSES ARE PROVIDED ON THE TOWN TOUR SCHEDULE.

2) Listings MUST BE ON THE MLS in order to be on tour. If you have not yet put your listing on the MLS please do not submit it.

3) All listings must be submitted by the Tuesday before tour day before noon. It will be up to the discretion of the person doing tour that week if they are willing to accept a late submission. But if you want to be certain to have your listing on tour have it submitted by Tuesday before noon.

4) A maximum of twelve houses will be on tour. It is first come first served. Those who get their listing submitted earliest are guaranteed a spot. If there is ever any question please remember that all emails are time and date stamped.

5) A minimum of 4 house must be submitted in order to have a tour.

I would like to thank all the Milford agents who faithfully attend and submit their listings. It's a great way for all of us to become familiar with the inventory and also give people from all agencies a chance to see each other and network.

And again, I would like to thank the agents who volunteer their time to give us a great tour every week! THANK YOU!
